

CMP-200F
Fork clamp meter

NZ-2
Screwdriver set, 6-pieces + voltage tester

Essential kit for measurement technician

Capabilities

- **CMP-200F** | Measurement of voltage, current, resistance, capacitance.
- **NZ-2** | Assembly and disassembly of screw connections.
- **NZ-2** | Detection of voltage presence.

CAT IV

600 V

CAT III

1000 V

IP40

FORK-STYLE CLAMP

BUILT-IN FLASHLIGHT

CMP-200F Fork clamp meter

Features

- Fork-style clamp.
- AC current and AC voltage measurement.
- DC voltage measurement.
- Low-impedance voltage measurement - **Low Z**.
- Current measurement up to **200 A AC**.
- Automatic selection of measuring ranges.
- **HOLD** function, allowing for freezing the result on the display.
- Function **MAX MIN** for displaying extreme values.
- **Auto-OFF** function.

NZ-2 Screwdriver set, 6-pieces + voltage tester

Sonel screwdriver has a rugged shaft and handle connection. Ergonomically designed handle means powerful fatigue-free use and optimum torque transfer. Specially selected materials ensure excellent shock resistance of the handle. High-precision tips compatible with DIN EN ISO guarantee perfect screw fit.

The set consists of:

- 4x Flat-Head 223-1:
 - » 0,4x2,5x75
 - » 0,8x4,0x100
 - » 1,0x5,5x125
 - » 1,2x6,5x150
- 2x Phillips-Head 224-1:
 - » PH 1x80
 - » PH 2x100
- Voltage tester 120-250 V~

Standard accessories

CMP-200F meter
WMGBCMP200F

NZ-2 set
WNZ2

Test leads set for CMM
CAT IV, M
WAPRZCMM2

Basic case

S-9 carrying case
WAFUTS9

M-16 carrying case
WAFUTM16

2x AA 1.5 V alkaline battery

Factory calibration certificate
